

Greetings

Welcome to Manga Kingdom Tosa.
Kochi Prefecture has produced a lot of prominent manga artists, and has a history of cultivating manga as a culture. Kochi was the first to declare itself as a "Manga Kingdom", and a variety of initiatives have been carried out to enhance Japan's manga culture and spread the appeal of Kochi's manga culture throughout the country. With this, we have opened "Manga BASE", a new information center. We hope our visitors will feel at home here where they can discover, enjoy, and learn the manga culture of "Manga Kingdom Tosa" of many generations.
